Empower your business

Join Nederman Partner Program for exclusive benefits

A global environmental technology company

We are an environmental technology company and a global leader in industrial air filtration dedicated to extracting, transporting and cleaning air to make industrial production more efficient, safe and sustainable. Based on industry leading products, solutions and services in combination with innovative IoT technology, we monitor and optimise performance and validate emissions compliance to protect people, planet and production.

Founded in Helsingborg, Sweden in 1944, we have grown into a global organisation with:

- 2,500 employees worldwide
- Sales companies and distributors in 50 countries
- Manufacturing in 23 locations across 13 countries
- 12 product development centers in 8 countries

Nederman has a strong presence in all major industrial markets, consistently ranking among the top 1-5 leaders in the industry. Partnering with us gives you access to cutting edge solutions and expert support to drive sales, increase profitability, and strengthen customer loyalty. Together, we shaping the future for clean air.

Let's achieve success together.

Why partner with Nederman?

A global brand you can trust

With over 80 years of experience, Nederman's innovative air filtration products and solutions are recognised worldwide. Our brand strength will help you generate leads, build lasting customer relationships, and stand out in the market.

High-quality products, low total cost of ownership

Nederman's products are built to last, providing your customers with durable products, cost effective solutions and service.

Expertise that drives success

Our decades of industry knowledge mean we understand the challenges you and your customers face. From all applications in manufacturing industries, we have the products and solutions that deliver exceptional performance and value in every environment.

Unlock the power of partnership with Nederman

Partnering with Nederman means more than quality products, it's about driving mutual success. As a leader in industrial air filtration, we help you grow sales, boost profitability, and build customer loyalty with solutions that protect people, planet, and production.

Our three tier partner program, Bronze, Silver and Gold, supports your growth at every step. Begin at Bronze and unlock greater benefits and opportunities as you advance. We are committed to providing the tools and support you need to succeed.

Bronze Partner

Start your partnership with Nederman and align your business with our shared goals, opening the door to new possibilities.

Silver Partner

Gain a dedicated manager, webshop access, online training, partner sign, marketing kits, sales support, event invitations, experience center use and pricing discounts.

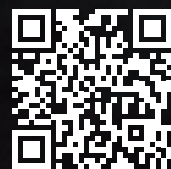

Gold Partner

Upgrade to Gold for all Silver benefits plus yearly personal training, extra demo discounts, a dedicated handover process, and a listing in Nederman's "Where to buy" directory. Enjoy exclusive partner pages, exhibition support, joint customer visits, end customer training and free claim investigations

Ready to grow your business?
