## Mounting Brackets for Exhaust Hose Reel

NO. 148815/00  
DATE 2006-02-01

Fit the four mounting brackets on the Extension Arm according to the figure. **Note the two different bracket lengths 95 mm and 107 mm.**

The distance **A** must be:

**A** = 370 mm for Exhaust Reels with short drum.

**A** = 700 mm for Exhaust Reels with wide drum.

It is recommended to fit two of the brackets to the right of this duct attachment.
